

# How You Can Help...

By contributing to this project you will have the opportunity to memorialize a loved one for decades to come. Every time you hear your favorite hymn in church, the "Ave Maria" at a wedding or "Be Not Afraid" at a funeral you will know that by your contribution you helped raise these hymns to God in prayer for your loved ones.

What better way to be a part of this legacy than by having a part of the organ dedicated in the name of your loved ones!

At the rededication of the organ, a commemorative program will list all the names of those who contributed to this monument to the Glory of God.

If you are interested in learning more about the Peragallo Family check out their web page at [www.peragallo.com](http://www.peragallo.com)

**– Thank you for your support!**

### Pipe Organ Fundraiser

*The pipe organ, like a congregation, is composed of many unique voices. Singing together they create harmonies that lift us to a worthy praise of God.*

## The Problem...

It has been apparent for some time now that our current electronic organ console's electronics has served our church to its' extent. This current system has been failing for some time now and after June of 2018 became inoperable.

The music ministry's ability to support our liturgy with music that can fill us relies on an instrument that can properly enliven our sanctuary as we look toward building a better future in our Church.

## The Solution...

Our mission is to build a new pipe organ to serve as a cornerstone for our music ministry.

We have envisioned an instrument capable of fulfilling the many various needs of liturgy throughout the year from weekday Masses to weddings, funerals, and High Holy Days.

This instrument would be building upon the foundations laid for us by our forbearers, who saw our church work as never done.

The work will be guaranteed for *ten years* upon the completion of the organ and will serve St. Pius X Church for generations to come.

## About the Builder...

The Peragallo Organ Company was founded in 1918 by John Peragallo Sr., who developed his craft as an apprentice with the famous Ernest M. Skinner Organ Company. He was joined by his son John Peragallo, Jr. in 1949, and further enhanced the business with a close "Father-Son" relationship handed down to his sons John III and Frank Peragallo who currently run the company.

The company now includes members of the fourth generation, Anthony and John IV, who join their fathers, in continuing the family tradition. Since their inception, the Peragallo's have been involved in the building and restoring of over 750 instruments. Some of the instruments in the area the Peragallo's have been involved with include the refurbishment of the pipe organs at St. Patrick's Cathedral on 5th Avenue in New York City and the newly installed instruments at St. Francis Xavier Church in lower Manhattan, and the Cathedral of Ss. Simon and Jude in Phoenix, Arizona.

The Peragallo Organ Company has always prided itself on its company motto of Quality and Performance! They embody a deep-rooted dedication to traditional Old-World Craftsmanship while remaining on the cutting edge of today's digital technology.

I wish to become a pipe organ donor.  
I would like to memorialize the following:

### Adopt-An-Element

- Organ Console \$25,000 (picture on back)
- Organ Keys \$10,000
- Organ Pedals \$5,000

### Adopt-A-Pipe

- Principal Pipe
  - 8' Pipe - \$2,500
  - 4' Pipe - \$1,000
  - 2' Pipe - \$500
- Flute Pipe
  - 8' Pipe - \$250
  - 4' Pipe - \$100
  - 2' Pipe - \$50

Gift or Pledge of Organ Supporter: \$

*For any gifts of \$500 or above, patrons will receive an inscribed brick in the Memorial Garden outside St. Pius X Church to recognize all of those who contributed to the building of this magnificent instrument of praise.*
