

Bereavement Testimony - Marie Gengo

The bereavement group at St Rose was a Godsend. Everyone who attended was so loving and kind and it was very helpful to hear all our stories of the loved ones we lost and share pictures and memories. Father Owen is truly a man blessed by God to help the bereaved. He always knew what to say to make us feel better about our situation and how to relate to God. He happily answered any questions we had and I always left feeling better. If you lost a loved one I highly recommend this group as it is very loving and caring.
