Conference Treasurer's Report (Financial Report Tab)

This portion of the report includes the combined financial data from the Conference, its stores, and its special works. Please keep in mind that this is not a reconciliation of a single account. **This reflects ALL activity in ALL accounts** owned by the Conference: checking, savings, CDs, investment accounts, reserve accounts, store accounts, special works accounts, etc.

Remember: The only items that are included in the Conference Treasurer's Report are financial transactions that are processed through your bank (i.e., MONEY).

Electronic Instructions

These instructions are designed for using the spreadsheet Conference Month End Report.xlsx. If you are using an older version of excel, you may not be able to open the file. If this happens, contact the Council Office to possibly arrange for a newer version of Office to be installed on your computer.

If you are using the excel spreadsheet, be advised that the spreadsheet is protected to prevent the formulas from being changed. All cells highlighted in light yellow can be edited. All cells in grey contain formulas and may not be edited.

The Ending Date, Beginning Balance, Total Receipts, Total Expenses and Ending Balance are automatically updated. On the tab Visits and In Kind, the Conference Name and the activity report line are automatically updated. Where the instructions state to enter a total in a calculated field, the spreadsheet will automatically update those totals. If the formulas are not automatically updating, you must change the spreadsheet options to allow it.

Helpful tip: Pressing the Tab key will advance to the next editable cell. Pressing Shift + Tab will take you to the previous editable cell.

If you are completing the printed form by hand, you must do the calculations yourself and enter the results in the appropriate lines.
