

Dear Parent,

Students entering fourth grade next year are invited to participate in a summer reading program. If a student reads 20-30 minutes per day in the summer, they will complete a reading log and receive a prize! Students are asked to read "Chapter books" and not graphic novels or comic books! If you have a child who does not like to read, you can take turns reading together. The grown up or older child reads one page and your child reads the next page. Many chapter books have lots of exciting pictures! It is always fun after you read a novel to see if there is a movie based on that story.....make some popcorn and have family movie night!

Also, this summer try to learn multiplication facts by memory! A really fun game to get some multiplication flash cards. Put a pile of pennies on the table. Turn over a card. If the child has the answer memorized, they get a penny! If they don't know the answer they have to put a penny back on the pile! Watch out! Sometimes the parents have empty pockets! No more pennies left in the house!

Have a wonderful summer! I am looking forward to a great year in fourth grade next year!
