**Sacred Heart Parish Athletics**  
**Code of Conduct**  
**2018-2019**

1. All student athletes are expected to carry themselves in a mature, Catholic manner on and off the playing field. Participating in athletics is a privilege, not a right.
2. Students should come to practice on time, ready to play, and with a positive attitude. Students are expected to give their full effort at all times and push themselves to improve with each practice. The point of practice is not only individual development but also team development.
3. If a student will miss a practice or an event, the student is responsible for contacting one of the coaches the night before via email or phone call, or a phone call the day of the event. Teams may have very few extra players so it's important to know as soon as possible if substitutes will be needed.
4. Students should show respect to their teammates, coaches, opposing teams and referees at all times. Students should not be talking when coaches are talking and should never talk back to a referee. Coaches are in charge of practices and students should respect all instructions and direction they provide.
5. Cell phones or any other electronic devices may be brought to practice, but must be kept in gym bags during practice. Students are not allowed to use cell phones during practice without permission from a coach. Following practice, phones may be used to contact parents, etc.
6. Student athletes are here to improve their skills, work on becoming a team and enjoy their athletic experience. For some students, this may be the only team activity they participate in. For others, they may be on other competitive, non-parochial teams in addition to this parochial team. Consequently, there is no room or time for those that do not want to participate on a responsible level.

Therefore, one verbal warning will be given to a student not abiding by the code. A second warning will result in the student sitting out until he/she can demonstrate cooperation with the code. A third warning will result in a call to parents to inform them that their child may be sitting out of an upcoming event due to repeated misconduct.

If a student will be sitting out of any portion of an event, he/she is expected to be in attendance for the whole event to support the team. The coach will communicate to the student and his/her parents when the student may return to play. The coach will notify parents if the student is not eligible to participate due to conduct infractions.

7. Students should always keep in mind that they are part of a team and are representatives of Sacred Heart School. Students' actions before, during and after an activity are a direct reflection of the students, parents and staff of Sacred Heart Parish and School.
