

March 10, 2019

Dear Parents,

Summer is approaching fast and I want to stress how important it is for your child to continue reading, writing and reviewing math all summer long. Research has shown that students do not retain everything they've learned in a school year over the summer.

I would like to offer for purchase an excellent math summer workbook. The material covered in this workbook is a review. I believe by working on these skills throughout the summer, your child will be prepared for the next year. A sample workbook is available to view in my classroom and orders will be delivered before school dismisses in May. Those who would like to order, please send the attached form to school along with payment by April 20th.

Sincerely,
Barb Baker

Enclose \$20.00 to cover workbook, shipping and handling. Cash or checks made out to Sacred Heart School are accepted. Workbooks are available for kindergarten through geometry. **(Order the grade completed.)**

Name _____

Grade Level _____

Homeroom Teacher _____

* A few students may benefit from another grade level practice workbook. Please talk with your child's teacher about what is best for your son or daughter.
