165 Bethany Rd, Holmdel, NJ - 732.264.5578 - school.stbenedictholmdel.org

Come and see what St. Benedict School is all about

At St. Benedict School (SBS), this year holds much promise for our students as we continue to provide a nurturing environment in which our students can realize their potential by exploring the learning opportunities that SBS encourages. Our teachers at the school in Holmdel are more dedicated than ever to present engaging and challenging activities in which our students can use their critical thinking skills to master content.

We will be offering several opportunities for new families to experience the joy of St. Benedict School's warm and loving learning environment. At our open house from 10 a.m. to noon Feb. 2, students

and parents will be escorted on tours by current parents and students to classrooms where they will be able to consult with teachers. We invite you to meet our students, parents, teachers and administration and become part of the St. Benedict School community. We have many programs to share including a preschool for 4-year-olds, a Makerspace, new science lab, and much more.

There are also additional touring opportunities which can be arranged by calling the office at 732-264-5578, or by completing the form at school.stbenedictholmdel.org. Come and see what we are all about.
