**“The next time we’re asked,
‘Are you done?’ we can say,
‘We don’t know yet. God’s
not finished working with us.’”**

In Sex, Love, & Sterilization the USCCB tackles the challenge of being open to life. Why it’s hard to be open to life? “For many of us, the idea of being open to children can be a scary prospect. Even though the Church’s teaching on sterilization is clear and unchanging, many couples struggle to live it out in their marriages, or even turn away from it deliberately.”
