

Dear Parents,

In order to help facilitate a smooth transition from Kindergarten to First Grade, please print out the Reading and Math pages for your child to complete. Please review these sheets with your child several times during the summer months.

I am also assigning a Book Report. Your child is to read a book of their choice. The book report and worksheets are to be returned to me on the first day of school.

I encourage you to also participate in summer reading programs offered at your local library. Read aloud to your child and ask questions to improve their comprehension skills. Have your child read aloud to you, helping them with the words they do not know.

Your child will be receiving their test and take home folders as well as a pencil case on the first day of school. Please have your child bring in the following items for the first day of school:

- 2 folders (labeled ART and MUSIC)
- 5 sharpened pencils
- 1 box of crayons
- 1 package of wipes
- 1 pair of safety scissors
- 2 large glue sticks
- 2 boxes of tissues

I am looking forward to a wonderful year with your child.

Have a great summer!

Sincerely,

Ms. Siesto
