Prayer for the Beatification of the Servant of God Frank Duff

God our Father, You inspired your servant Frank Duff with a profound insight into the mystery of Your Church, the Body of Christ, and of the place of Mary the Mother of Jesus in this mystery. In his immense desire to share this insight with others and in filial dependence on Mary he formed her Legion to be a sign of her maternal love for the world and a means of enlisting all her children in the Church's evangelizing work.

We thank you Father for the graces conferred on him and for the benefits accruing to the Church from his courageous and shining faith. With confidence we beg You that through his intercession you grant the petition we lay before You..... We ask too that if it be in accordance with Your will, the holiness of his life may be acknowledged by the Church for the glory of your Name, through Christ Our Lord, Amen.

All Legion Councils, praesidia and individual legionaries are encouraged to actively promote the Cause of the Servant of God, Frank Duff, through the widespread dissemination of the Frank Duff prayer leaflets, through the organizing of Frank Duff prayer groups and the holding of Masses to commemorate his life. This prayer can be obtained from the Legion of Mary website **www.legion-of-mary.ie**

The Legion and Spiritual Warfare

In his Angelus address on July 8th 2018 Pope Francis made the following statement: 'A lack of faith is an obstacle to God's grace - many baptized Catholics live as if Christ does not exist: they repeat the signs and acts of faith but they do not respond to a real adhesion to the person of Jesus and His Gospel.' These words of Pope Francis made me realize once more the profound and urgent need for the new evangelization called for by Saint John Paul II. The Legion was founded to meet challenges of this kind. Many Catholics throughout the world, especially in the western world and through its political leaders, have voted for same sex marriage, abortion, and euthanasia and indeed many other disvalues and still claim to be Catholics at least nominally or culturally. It truly does seem that they are living as if Christ did not exist. But the response of the Legion cannot be simply condemnation and hand wringing as if nothing else can be done about the situation. From the beginning the Legion has been in the thick of the spiritual warfare that is endemic to human nature since original sin.

It is important to remember the method and aims of the Legion in this warfare. The Handbook quoting the great Catholic apologist Frank Sheed states: 'We must understand what the warfare is. It is being fought not simply to enlarge the Church, but to bring souls into union with Christ. It is that strangest of wars which is fought for the enemy, not against him. Even the term 'enemy' must not be allowed to mislead.'

Every unbeliever is, as every Catholic is, a being with an immortal spirit, made in the image of God, for whom Christ died. However violently hostile to the Church or to Christ he may be, our aim is to convert him, not simply to defeat him. We must never forget that the devil wants his soul in Hell as he wants ours, and we must fight the devil for him. We may be forced to oppose a man to prevent his endangering souls; but always we want to win him for his own soul's salvation. It is in the power of the Holy Spirit (sic) that we must fight, and He is the love of the Father and the Son; in so far as the Church's soldiers fight in hatred, they are fighting against him.' That paragraph sums up one of the quintessential principles of the spirituality and methodology the Legion of Mary. We must love people into conversion.

There are probably multiple reasons why many Catholics live as if Christ does not exist. It may be because of personal and habitual grave sin, the absence of any prayer or religious acts within the family, deficient religious formation in the schools or parish or Diocese, the influence of an unrelenting anti-Catholic media, an all pervasive secularized culture, scandals within the Church, ineffective catechesis and so on. But in this

CAPE VERDE

Cape Verde Regia: Praesidia reporting show an increase of membership with an average of 13 in each praesidium, and a Variety of works including visits to emigrant families, and to parents in order to get their children enrolled in catechism classes. One praesidium reported almost 1,600 contacts that included the elderly, the sick and those living alone. Most praesidia carry out two Exploratio Dominicalis projects per year, the result of one being the enrolment of 35 people to prepare for the Sacraments. A Curia reported a visit of members to a rehabilitation centre for young drug addicts where they were well received on making contact with the residents.

ANGOLA

Luanda Senatus: Three new Curiae were set up, two in the Diocese of Caxito and one in the Diocese of Viana. A Curia in Cassongue in the Diocese of Sumbe was raised to Comitium. A junior Curia in Cabinda set up four praesidia in Kibaxi at the request of the priest there. At the National Legionary Youth Conference, which was held in Lubango, the retired Archbishop of Lubango recommended to Legion officers that when giving formation they should speak more on legionaries such as Frank Duff, Edel Quinn, Alfonso Lambe and others. An Annual Report for 2016 showed the Senatus had 10 praesidia directly affiliated along with 16 Comitias, including seven in Luanda, and 12 Curiae, three in Luanda, (including one junior Curia) and one senior Curia in São Tomé and Príncipe, (which is a separate country). Works shown for praesidia directly affiliated to the Senatus include home and hospital visitation as well as visits to the sick and elderly at home, and teaching catechism.

Benguela Senatus In a letter from the Senatus President he reports on a three day intensive formation for officers of attached councils, in May, which had an attendance of 79. Along with members of the Senatus there were some officers from each of the five attached Regiae and officers of 15 Comitias in the interior of the Benguela Diocese and 35 from Curiae attached to the Senatus. Subjects covered included Christology, Mariology, Ecclesiology, non-Christian Religions, Church History, Liturgy and Good Manners. This formation had in view preparing officers and the Legion in general, in their area of jurisdiction to be aware of the penetration of many religious sects. Participants asked that it be an annual event. Reports show great attention given to visiting the sick in hospitals and at home. Prisoners are visited as well as homes for the elderly and Orphanages.

LESOTHO: Some praesidia organise meetings for auxiliary members. One praesidium reported visiting fifty children with eye defects in a special home. As a result of a remark by the correspondent the Spiritual Director said that members 'should be brave like those non-Catholics who go from house to house trying to lure us to join their Church.'

Johannesburg Senatus: Works undertaken include home and hospital visitation where many non-Catholics are contacted.

Durban Comitium: The Comitium reported very good attendance at their Acies ceremony which was held in Emmanuel Cathedral.

They seek to converse with each resident, especially those with special needs or mental health issues. Preparation and serving of teas to residents is undertaken.

Veneranda Curia: Home visitation is undertaken and the Pilgrim statue offered to homes. One lady, when advised that the greatest gift she could give her daughter was the gift of faith and good example, agreed to attend Mass weekly with her daughter who was preparing for First Holy Communion. A lending library with books and DVDs is run and Miraculous Medals, Rosaries and prayer leaflets are distributed. The parish bookshop and Church racks in one parish are used to promote the Cause and writings of the Servant of God, Frank Duff. Residents of a local nursing home look forward to the weekly Rosary and Legion prayers after which they sing and socialise with legionaries.

Exaltata Curia: There being no praesidium report last month, a paper on 'True Devotion to the Nation' was read and discussed at the Curia meeting.

Porta Coeli Curia: A praesidium meets in the nursing home of the Little Sisters of the Poor and carries out an apostolate among the residents.

Africa GHANA

Accra Senatus: Over 360 legionaries attended an Edel Quinn function at St. Paul's Seminary. Kumasi Regia organised a number of projects including one to Kuffour Camp which had two hundred legionaries participating in a week-long event which had a theme of "Go Preach the Gospel of love, unity and Peace". Almost 7,000 contacts were made. During the year the Regia organised two all-night prayer vigils which were very well attended. The Senatus has been given approval by the Ghana Prisons Authorities to do Prison visitation. Tema Comitium members were very well received at the Tema General Hospital by patients and staff, including non-Catholic nurses and doctors, many of whom showed interest in the Rosary. The legionaries were asked to regularly visit the hospital.

reflection I want to suggest two reasons for the loss of faith in many Catholics which the Legion is pre-eminently equipped to deal with. First, there is the lack of an authentic and true devotion to Mary the Mother of Jesus and secondly a lack of a true understanding of the Real Presence of the Risen Christ in the Eucharist as the Sacrifice of the Mass, Holy Communion, and Adoration of Our Lord in the tabernacle.

Why is a true devotion to Mary so vital for an intentional and vibrant relationship with Jesus Christ? The answer ultimately lives in the fact that Mary is the Mother of God. If she is not the Mother of God, then she is simply another outstanding woman and there are very many such women in the history of mankind. It would also mean that Jesus is not God and if this is so, then He also is simply an extraordinarily good man who has made a huge mark in the universal history of mankind but the whole redemption of mankind would be null and void and we are left in our unbearable misery of no ultimate good in the next life or this one. No, the Legion must continue to present always and everywhere a true picture of Mary and the place that God has given her in the history of salvation. Without her Jesus becomes a mere abstraction, the Incarnation and all that follows from it is only a beautiful idea, the flesh and blood of redemption becomes obliterated. Then it would be easy to live as if Christ did not exist. So Mary is absolutely essential to a true and living faith in the reality of Jesus. Without Mary there is no Jesus and we are living as if he does not exist.

Now we come to the Eucharist. I think it would be impossible to engage seriously in the spiritual warfare that is universally taking place not only in the world but in the heart and soul of each one of us without the Eucharist, in other words without the Real Presence of the Risen Christ, body, blood, soul and divinity in our lives. Here I would strongly recommend that we pray and read and engrave on our minds and hearts the Chapter 8 of the Handbook entitled the Legionary and the Eucharist. It would really equip us for a well formed and informed Eucharistic apostolate. Let me quote one passage: 'The Eucharist is the centre and source of grace: therefore it must be the very keystone of the Legion scheme. The most ardent activity will accomplish nothing of value if it forgets for a moment that its main object is to establish the reign of the Eucharist in all hearts. For thereby is fulfilled the purpose for which Jesus came into the world. That purpose was to communicate Himself to souls so that He might make them one with Him. The means of that communication is chiefly the Holy Eucharist. The Eucharist is the infinite good. For in that sacrament is Jesus Himself.'

So dear Legionaries throughout the whole world if you want to love and serve those Catholics and indeed non-Catholics who live as if Jesus did not exist then undertake a serious Eucharistic apostolate in union with Mary, the Woman of the Eucharist. Amen
