## Sudden Opportunity Grant Application

Sudden Opportunity Grants provide a quick way to make great projects happen. The grants are limited to \$200 and must address a project or need that has come up suddenly, for which you cannot plan. If approved, the money to support the project will be granted immediately. Sudden Opportunity funds are limited and may not be available for the entire school year.

Teachers or staff may apply for a Sudden Opportunity Grant at any time by emailing the completed application form to Pam McIntyre, Executive Director, at [pam.mcintyre@usd305.com](mailto:pam.mcintyre@usd305.com).
