September 19, 2018

Dear Parents,

We have had a great beginning of school! The children are happy to be here, and are working hard in the classroom. Students are enjoying their experiences with the Chromebooks, and we are going to have to purchase more devices to get them in our students hands every day!

This Friday, the 21st, Mrs. Soudant will begin her maternity leave to await the birth of her child. We ask God's blessings on the Soudant family during this very special and exciting time. We will let you know when baby Soudant arrives! I have hired two ELA specialists to work with grades 6, 7, and 8 during Mrs. Soudant's leave of absence. Mrs. Debra Waters and Mrs. Anna Forlenza, recently retired ELA teachers from Saint Denis-Saint Columba School, will be in the classroom with Mrs. Soudant and the students on Thursday and Friday to facilitate a smooth transition. I will arrange a "meet and greet" for the parents. Please join me in welcoming Mrs. Forlenza and Mrs. Waters !

We have begun our MAP testing, using our Chromes. This will extend until October 4. I have hired a computer teacher, Mrs. Megan Wentworth. She and I will be working on the scheduling and curriculum, so we should be ready to begin in a few weeks. Our younger students have started library, and they are enjoying the recreated space, the rug , and the bean bag chairs.

Thank you for entrusting your beautiful children to Saint Mary School.

God bless!

Sincerely,

Mrs. Daley

Mrs. Daley
