February 8, 2019

Dear Families,

The A.H.E.R.A asbestos inspection of our school building was performed by the Environmental Division of the Archdiocese Building Commission in the fall of 2018, and found no change in the asbestos condition, no awareness of physical damage of delamination. We continue to make inspections every six months to insure a safe environment for students, employees and visitors.

God Bless,

Mary Jane Daley
