

*If you can*

*If you can make your own choices  
You will be able to make important decisions  
Whether big or small decisions  
You'll be able to choose what's right*

*If you can take responsibility for your actions  
You'll be able to take care of yourself and others  
Sometimes things will become more difficult  
However, you can still persevere through hard times*

*If you can follow your dreams  
You'll become someone talented  
While you will still have an impact on the world  
And your future will be destined for greatness  
So always wonder if you can*
