

Cathedral High School iPad Policy 2019-2020

Cathedral High School is extremely pleased to be able to loan Cathedral-owned iPad equipment to its students for educational purposes. Students are responsible for taking the necessary precautions to protect and safeguard the equipment from loss, theft and damage. To ensure adequate protection, the iPad is to be stored and transported in an approved case. We strongly suggest purchasing a cover with a keyboard.

Each student is responsible for purchasing and updating their own Apps through either iTunes or iCloud. This ensures that all purchases will remain with the students after this particular device is returned.

By signing, the student's parents agree that they will be held financially responsible for the replacement value of lost or stolen equipment, as well as damage to the equipment. iPad chargers and cords must be replaced by the borrower if damaged.

In addition the student and parent agree to the following:

1. The equipment (iPad, charger, cord) must be returned in like condition as received (less ordinary wear and tear).
2. Students are not to place any ornamental stickers on the iPad. All content, as well as screensavers and desktop images, are expected to display appropriate content.
3. Students must take responsibility for having their iPads prepared for class, which includes a charged battery.
4. Equipment cannot be loaned or transferred to anyone.
5. The borrower cannot modify the equipment in any way without prior approval from the Principal or IT Specialist.
6. Students may not lend their iPads to anyone – including friends and other Cathedral students – under any circumstances. No student may take or use another student's iPad.
7. Students will make the equipment available to Cathedral at any time as requested by Cathedral High School. Students shall have no expectation of privacy in any data, content, or history on the iPad.
8. Third party insurance is available and highly recommended. Please visit the sites below for more information:
-<http://www.safeware.com/Products/iPadCoverage.aspx>
-<http://www.worthavegroup.com/product/ipad-insurance/>
**Please note that Cathedral DOES NOT endorse any particular company. You may also find that you are already covered through your homeowners/renters insurance. You also have the option to "self-insure". Our device (16g Wi-Fi) is sold through Apple for approximately \$400.*
9. If lost, stolen, or damaged, the student will immediately notify the IT Specialist.

Students must use a Cathedral owned Ipad and / or Chromebook.
