

ST. MARY MAGDALENE "PROPOSED" MASTER PLAN

The story of St. Mary Magdalene Catholic Church began in 1911 as a mission of the Church of the Immaculate Conception and we remained a mission until St. Mary Magdalene was elevated to the canonical status of parish in 1966. Since our founding over 100 years ago we have continued to grow and have built to accommodate that growth. Now, as a vibrant parish of 3,500+ families and over 100 years since our founding, it is time to continue the vision.

We have over 45 active ministries, 100+ youth in our youth groups and 1,100 in our Religious Education program. Our current ministries find it difficult to find places to meet with some having to meet in homes. Our youth room is no longer adequate to accommodate the size of our youth groups. We have outgrown our current facilities and due to space and scheduling issues, have even had to turn down the formation of any new ministries.

You may remember that two years ago, we conducted a survey to help determine the needs of our community. After much consultation, discussion and discernment by numerous leaders, parishioners and volunteers, a plan for major construction and expansion of our facilities has been proposed. Included in these plans are the renovation and expansion of our church, the construction of a multipurpose facility and parking lot/site improvements.

Throughout the history, the parishioners of St. Mary Magdalene have always responded and made the necessary sacrifices in all aspects of parish life and stewardship to further the mission of Christ. We are confident that this challenge will be met with the same degree of commitment and participation.
