

## *How to make a Simple Advent Wreath:*

(Kim Cothren and I came up with this one last year)

### Materials:

- 4 glass jars (collect from your recycled jars at home or buy from Dollar Tree)
- Pink and Purple ribbon (Look for at home or from Walmart)
- Brown branch twisted wreath (Looks like Crown of Thorns, can buy at Walmart or Dollar Tree)
- (OR) Green pipe cleaners made to look like every green tree branches (might be cheaper, but harder to find)
- Split peas (Walmart)
- Tea light candles, battery operated or real( for home use) ( Walmart or Dollar store)
- Inside of cereal box ( for brown tags to label each week ) (Optional)

Hopefully, based on the picture, you can figure out how to put all the materials together. Please feel free to decorate in any way you and your class/family wishes. I would love to see pictures of your finish wreaths!
