- ★ 12/5 2:10 Dismissal
- ★ 12/6 all school free dress
- ★ 12/13 Christmas Program

### Notes from the Teacher

I hope you all had a relaxing and fun-filled Thanksgiving with your families. It was a great time to pause and reflect on the many ways that we are blessed.

Today we started our next Science unit on the different states of Matter. We are looking forward to several labs and hands on activities that will help students make connections with their learning and see science in the world around them.

December also brings with it several educational and fun holiday activities. The second graders will be learning about how Christmas or other seasonal holidays are celebrated around the world. We are also preparing and looking forward to our Christmas program. We hope you all will be able to join us on the 13th.

This week is the last week of the first Trimester!
