

LORD, TEACH ME TO PRAY

Praying Christian Virtues – Session 12

Christian Wisdom

Becoming a Person of Wisdom

by Carol Weiler

Life is moving at such a fast pace we find ourselves just going along with the flow of society, never stopping to reflect on a particular experience or conversation we had. We don't allow ourselves time. We would rather fill time with something. Even if we do stop to reflect we will quickly become distracted and abandon our attempt at reflection. To become a person of wisdom takes time for prayer and reflection. This opportunity is available through LTMTTP. To be a good Christian today we need to develop good habits which when graced are called Christian virtues. Then our lives will proclaim to all that the Kingdom of God is here!

The gifts of the Holy Spirit perfect the virtues by opening us to the impulses of the Holy Spirit. The gifts are like branches and the virtues are the fruits on the branches. The sweet fruits on the branches will produce the beatitudes.
