Happy March all!

We have now completed all of our SDORs for 2019 and are looking forward to a successful year! Our financials looked great once again in 2018! Assets now sit at just under \$86 million and increased at 4.7% over 2017. KJT's net income was \$597,459 for the year and this helped contribute to surplus which now sits at \$5,250,429. This is a 12% (\$561,175) increase over 2017 when surplus was at \$4,689,254. That's the kind of GOOD growth we are looking for.

That was the great news. Now for the bad. Remember we talked about needing each officer to help REPRESENT KJT during the year and asked that each of you find at least one new member? Well, we need your help as we are already behind the eight ball for 2019. We had a net loss of 27 members in January alone. February isn't looking much better. As I write this, we have four new members for the month and have already paid 12 death claims.

I ask that you visit with a friend or family member about joining KJT! David gave you all the great reasons to join during the SDORs so be sure to pass that along!

Take care and I look forward to a stellar March 2019.

March 2019
