

St. Faustina Catholic Church  
**PLEDGE DISCERNMENT CHART**

**A**t St. Faustina, we are all new to the parish and are still getting to know each other through our time together in worship and through the many vibrant ministries that have been created. Additionally, because we are new, we are only just beginning to understand, faintly, each family’s capacity to pledge to the capital campaign. Hence, we are taking a blended approach in providing a suggestion of what we invite you to prayerfully consider for your pledge to the *Christ’s Mercy, Our Mission* campaign. In the letter you received with this page and the booklet, a specific amount is suggested for you and your family to consider. Additionally, the chart below will provide some guidance of what your gift might be based on your household income. Please consider the suggested pledge amount in the letter and the information in the chart as guides to pledge an amount that is a real measure of what you can do as we come together to build the Kingdom of God.

**ABOUT THE CHART**

The top row of the chart is a listing of household incomes (HHI). It is probable that no one of these matches yours exactly. Choose the one closest to yours.

To the farthest left column, you will see we have established three giving categories: Active, Sacrificial, and Leadership. Our hope is that you prayerfully discern at what level you are called to participate. These categories will not be published or promoted in any way – they are simply a means for you to measure what gift level might be appropriate for your family.

The numbers within the chart reflect the annual amount toward a three year pledge. For example, if a family with \$75,000 HHI feels called to give at the leadership level; their annual pledge would be \$3,000 per year (\$9,000 over three years) for the campaign. The pledge could be paid in monthly, quarterly, or annual installments/payments over the three years.

The purpose of this chart is to give your family a guide by which to consider, based on national averages, what others in similar HHI ranges tend to give based on the factors of commitment to the project and willingness to sacrifice and/or be a leader for others in achieving the goal of the campaign.

Please know we are grateful for whatever commitment you choose to make for the betterment of St. Faustina Catholic Church!
