HOW TO GET THE RIGHT FIT

1. CHEST

Run a flexible tape measure across the fullest area of your chest, holding the tape measure horizontally.

2. WAIST

Measure around the narrowest part of the waist, keeping the tape measure horizontal.

3. HIPS

Keeping feet together, measure around the fullest point of the hip, keeping the tape measure horizontally.

BEST FIT: If your body measurement for bust and waist result in two different sizes, order the size from your bust measurement.
