

L.E.A.P. March News

The LEAP classes definitely enjoyed our storytelling month.

Writing, pretending, and making up tales were a big hit. We were creative and imaginative! In March, we are exploring COLOR!! We have activities planned where your child will have the opportunity to create and play with COLOR. We will blend, paint, and dye, using a variety of materials making this the most colorful month!

Welcome to the L.E.A.P. Program! We provide active learning opportunities through play to enhance the preschool day!!

We welcome your questions:
